## PROGRESSIVE LOTTERY

A Catch the Ace progressive raffle lottery is a multiple-draw game in which participants purchase tickets for a chance to win a percentage of the proceeds from the sale of tickets from one draw and also a chance to win a progressive jackpot.

### RULES AND REGULATIONS:

1. You must be at least 18 years of age and living in Ontario to participate in this raffle event.
2. A standard deck of playing cards is shuffled and put into identical, opaque envelopes and sealed. These envelopes will be shuffled and randomly numbered from 1 to 52 and placed on a display board.
3. Tickets are \$5 each and can only be purchased between 8:00p.m. Tuesday to 5:00 p.m. the following Tuesday. Sales will begin September 15, 2019. All draws will be held at King Henry's Arms beginning on September 24th at 7pm.
4. Participants may purchase a maximum of 10 tickets per draw and can only purchase tickets once each week.
5. Purchasers must complete ticket stubs including first and last name, phone number and envelope number they choose if their ticket is drawn.
6. Ticket purchasers will be responsible to ensure that tickets are filled out completely. If envelope number has not been filled in the envelope with highest number remaining will be selected on their behalf.
7. Maximum participants will be limited by either the building capacity as set out in Liquor License or when all available tickets have been sold. Any tickets that were available for sale on a draw night and were not sold will not be available for purchase at any other date.
8. Tickets will be numbered in sequence from 01-00001 to 26-20000 and are unique from draw to draw. Tickets are only valid for the draw for which they are purchased.
9. 250 tickets per week will be available for purchase for the first 3 weeks followed by 500 tickets per week for the next 4 weeks, 750 tickets per week for the next 13 weeks, 1,000 tickets per week for the next 5 weeks and 2,500 for the 26th week, during which the EXIT Strategy will be deployed.

The event will conclude IF the ACE OF SPADES is drawn at any time.

10. The weekly draw prize and the progressive Jackpot amounts will be announced prior to each draw.
11. Once money has been counted and recorded one (1) ticket stub will be randomly drawn from all tickets sold since the prior Tuesday.
12. The winning ticket holder as indicated on the ticket stub will receive the weekly prize amounting to 20% of that evening's ticket sales by cheque.
13. The envelope matching the number written on the winning ticket stub will be opened and the card removed. If the envelope number indicated on the winning ticket stub has already been selected, the ticket holder will be given the opportunity to revise their envelope number by drawing a single line through the envelope number as indicated and write in a new selection. (See #6 of these rules for envelope selection if this number has not been indicated on the winning stub).
14. If the selected envelope contains the ACE OF SPADES, the winner as named on the ticket stub will also be awarded the progressive jackpot by cheque. This will conclude the raffle.
15. If the selected envelope does not contain the ACE OF SPADES, the card will be destroyed and 30% of that evenings ticket sales will be rolled over to the progressive jackpot.
16. Ticket and envelope draws will be videotaped and retained for 30 days as set out in Lottery License.
